

Session Program

11-12 Feb 2020

Physics of Volcanoes 2020

Atmospheric Processes

Geomatikum, H2
Bundesstraße 55, 20146 Hamburg

Tuesday 11 February

16:00

Atmospheric Processes: Poster

Poster Session | **Location:** Geomatikum, Museum UG, Bundesstr. 55, 20146 Hamburg

Determining long-term volcanic gas emissions of SO₂ and BrO with DOAS

Speaker

Timo Kleinbek

High-Temperature Chemistry of Volcanic Gases in Air

Speaker

Tjarda Roberts

The effect of pulsing of volcanic eruptions on eruption column height

Speaker

Katharina Grunert

Evaluating a particle path of an eruption at Volcán de Colima

Speaker

Tabea Kilchling

18:00
