

Session Program

5-7 Nov 2020

Online Physikerinnentagung 2020

**Talks from participants: Gravitational Waves
(de/engl)**

Universität Hamburg, Online

Thursday 5 November

15:00

Talks from participants: Gravitational Waves (de/engl)

Session | **Location:** Universität Hamburg, Online | **Convener:** Katharina-Sophie Isleif

15:00–15:20

Using gravitational waves to distinguish between neutron stars and black holes in binaries

Speaker

Stephanie Brown

15:30–15:50

Gravitational waves from hot neutron stars and how to find out more about matter under extreme conditions with them

Speaker

Gela Hämmerling

16:00–16:20

Searching for gravitational-wave signals from axions

Speaker

Sylvia Zhu

16:30
