

Bose-Einstein Condensation 2023

Monday, 11 September 2023

Ultracold Molecules (11:15 - 12:25)

-Conveners: Chair: H. Perrin; Wolfgang Ketterle; Sebastian Will

time	[id] title	presenter
11:15	[175] New opportunities for quantum science: ultracold triplet molecules, and highly magnetic atoms	KETTERLE, Wolfgang
11:50	[135] Microwave-shielding and cooling of ultracold dipolar NaCs molecules	WILL, Sebastian
