Session details & potential points of discussion:

Facilities and Infrastructure

- Clean room
- Helium recovery
- Lab-based infrastructure (what have we got that is available to all INF)
- Are there key strategic investments needed?
 - new instruments
 - upgrades
 - funding possibilities for these

Collaborative Research Plans

- Wolfgang's SFB
- Updates on Clusters and INF (CUI, BlueMat, Gateways to Health, Kidney)
- GRKs (and general student training)
 - updates on existing (VISION, M&M, IB-ID, ITNs)
 - planned initiatives
- EU level/internationalisation
 - Opportunities through HALRIC
 - UHH Internationalisation Strategy/Strategic partners

Topics Arising

- Outreach
 - Organising schulpraktika
 - Erasmus/External Master students
 - Website
 - Plans for DESY Day/Night of Science/Art Walks
 - Open days for possible UG students
- SCHB updates
- Accommodating independent research groups
- FAIR data
