

Session Program

10 October 2025

**20 Years of MIN Faculty - Symposium
Plenary Session**

Friday 10 October

09:00

Plenary Session: Welcome and introduction - DESY Auditorium (Building 5)

Session |

Location: Science City Hamburg Bahrenfeld Plenary Sessions: DESY Auditorium (Building 5) Life Science: Centre for Structural Systems Biology (CSSB), Building 15 Materials of the Future: Center for Free-Electron Laser Science (CFEL), Building 99 Quantum Science and Technologies: Zentrum für optische Quantentechnologie (ZOQ), Building 90

09:15–09:30

MIN-Life Sciences: Understanding biological systems and addressing global challenges

Speaker

Kai Jensen

09:30–09:45

Introduction MIN Materials of the Future

Speakers

Dorota Koziej, Linnea Hesse

09:45–10:00

Introduction MIN Quantum Science and Technologies

Location

Science City Hamburg Bahrenfeld Plenary Sessions: DESY Auditorium (Building 5) Life Science: Centre for Structural Systems Biology (CSSB), Building 15 Materials of the Future: Center for Free-Electron Laser Science (CFEL), Building 99 Quantum Science and Technologies: Zentrum für optische Quantentechnologie (ZOQ), Building 90

10:00

17:00

Plenary Session: Synthesis and outlook - DESY Auditorium (Building 5)

Session |

Location: Science City Hamburg Bahrenfeld Plenary Sessions: DESY Auditorium (Building 5) Life Science: Centre for Structural Systems Biology (CSSB), Building 15 Materials of the Future: Center for Free-Electron Laser Science (CFEL), Building 99 Quantum Science and Technologies: Zentrum für optische Quantentechnologie (ZOQ), Building 90

17:10–17:25

Wrap up: MIN Life Science

17:25–17:40

Wrap up: MIN Materials of the Future

Speakers

Nadja-Carola Bigall, Ralf Riedinger, Winnifried Wollner

17:40–17:55

Wrap up: MIN Quantum Science and Technologies

18:00
